#### APICTA 2019 HA LONG, VIETNAM

Vietnam is well-known as a country having many more to offer than just an emerging economy and a destination of unforgettable iconic landscapes. The country is proud to have successfully organized the Asia Pacific ICT Alliance (APICTA) Awards 2019 hosted by Vietnam Software & IT Services Association (VINASA) and the People's Committee of Quang Ninh Province in Ha Long Bay - the UNESCO World Heritage from 19th - 22nd November, 2019. The historical event attracted a participation of 850 delegates including 73 Judges, 624 nominees, 311 entry nominations from 245 teams of 16 APICTA's member economies.

APICTA Awards 2019 Ha Long was official opened at Wyndham Legend Ha Long Hotel, Quang Ninh on 19th November, 2019. The first day started with the 62nd EXCO meeting where leader representatives of 16 economies met, discussed current issues and finalized on all activities of the 19th APICTA. In the afternoon, a courtesy meeting was solemnly hosted by Mr. Dang Huy Hau, Vice Chairman of Quang Ninh with the participation of 16 delegation heads led by Mr. Stan Singh, Chairman of APICTA. The day was highlighted with the Opening Ceremony of APICTA 2019 when Mr. Dang Huy Hau, Vice Chairman of Quang Ninh and 16 delegation heads hit the Vietnamese Gong to officially open the APICTA Awards 2019 Ha Long with the witness of almost 400 delegates. After the Judge briefing and EC briefing, the day was finished with a Welcome Reception where all EXCOs, Judges and ECs were cordially invited.

*Mr.* Dang Huy Hau, Vice Chairman of Quang Ninh and 16 delegation heads hit the Vietnamese Gong to officially open the APICTA Awards 2019 Ha Long

The second day - November 20th, marked the first full judging day where Chief Judge of APICTA Awards 2019, Mr. Lu Thanh Long played the leading role with 25 Head Judges and support from the respected Board of Advisory Judges. Concurrent with judging activities was the Digital Transformation and Smart City Conference 2019 where almost 200 delegates attended with the goal of sharing the strategic vision and experience of digital transformation applications towards building smart cities of cities. domestic and regional cities to provide solutions for management, planning, smart city development and sustainable development, suitable for cities based on technology platforms, especially new technologies. such as IoT, Big Data, Al... The B2B session was also organized on the same day having a total of 20 enterprises participated to find potential partner for business cooperation. The APICTA Studio was also opened during 2 judging days so every participant, especially nominees, would have a chance to introduce themselves, their feelings, motivation and target at APICTA 2019... in front of the cameras.

The Ha Long night was no doubt the most epic culture night ever in the history of APICTA Awards as it conveys the quintessence of Vietnamese traditions and cultural values through not only one-of -a-kind traditional performances but also the second-to-none delicate cuisine with a temptation of the most renowned dishes of Vietnam.

On the 3rd day of APICTA Awards 2019 - November 21st, besides the Judging session and APICTA Studio, the 2-session Student Studio was successfully held with the lead from Mr. Stan Singh - Chairman of APICTA and Mr. Fulvio Inserra - Vice Chairman of APICTA, attracting almost 150 students from Junior to Tertiary Students. The hosting hall was filled with vibrant ambience of friendship and sharing, which was rewarded as one of the many highlights of APICTA 2019.

After several months of elaborate preparation and 4 intensive working days with many activities, the 19th APICTA Awards officially came to a successful closure on 22nd November 2019 at Diamond Palace Convention Center, Ha Long, Quang Ninh.

The Ceremony welcomed a total of 700 delegates including Mr. Phan Tam - Deputy Minister of Information and Communications of Vietnam; Mrs. Vu Thi Thu Thuy - Vice Chairman of Quang Ninh People's Committee; Mr. Stan Singh - Chairman of APICTA; Mr. Lu Thanh Long - Vice Chairman of VINASA, Chief Judge of APICTA 2019; distinguished advisory judges and judges; Executive committees (EXCOs); Economy coordinators (ECs), Nominees from 16 member economies of APICRA; Sponsors and Media crews.

Speaking at the APICTA Awards Ceremony 2019, Mr. Phan Tam - Deputy Minister of Information and Communications affirmed: "The Ministry of Information and Communications of Vietnam supports and appreciates the APICTA Awards in honoring, promoting creative R&D cooperation and application of ICT in member economies in particular as well as the Asia-Pacific region and the world in general. APICTA Awards does create more motivation for R&D of ICT products and solutions that are highly applicable in practice, orient and forecast ICT trends and potentials in the region and the world through winning projects."

Expressing her delight at the successful organization of 19th APICTA Awards, Ms. Vu Thi Thu Thuy - Vice Chairman of Quang Ninh People's Committee said: Quang Ninh is the hosting place of many national and international high-ranking events and we do pay attention with respect to the activities of science - technology in general and information technology - communication in particular. At the same time, Ms. Vu Thi Thu Thuy also expressed her desire that through the successful hosting of APICTA Awards 2019, Quang Ninh province will have more opportunities to cooperate and attract investment in the high-tech sector from oversea. Quang Ninh province is always ready to cooperate, take the lead in the application of new products and solutions that bring high efficiency, contribute to socio-economic development.

APICTA 2019 set up 25 judging categories with 311 entry nominations from 15 member economies. After 2 days of intensive competition and judging, the result of 24 winners and 77 merit awards was announced, among which Vietnam won 01 winner and eight merit awards, over ranking as number 7th - which has been the best achievement so far made by the Vietnam delegation at one APICTA Awards. According to Mr. Lu Thanh Long, Chief Judge of 19th APICTA Awards, the nominations of all economies in general and Vietnam in particular are of high quality with well-prepared and professional presentation skill from all teams, therefore all judges had to work very hard and impartial in selecting the most worthy nominations to be awarded. This is a great opportunity for contestants to exchange and cooperate with one another and for future investors. Nationally speaking, this is an opportunity for Vietnam to be more aware of our technological capabilities in relation to other countries and economies in the region".

The great success of 19th APICTA Awards marked a milestone for Vietnam, from hospitality to the effort of making the event feasible considering the fact that Vietnam only received the membership three years ago. We believe it would not be made possible without the incredible effort, support and coordination from the organizing team as well as each and every participant of all roles. Vietnam is proud to have created a great opportunity for all nominees to compete, determine position and improve the competitiveness in the international IT arena. At the same time, it is an opportunity for the host economy to promote the tourism image of Ha Long - the World Natural Heritage to visitors in the Asia - Pacific region, contributing to promoting investment, trade and tourism in Quang Ninh, Vietnam.

Last but not least, we would like to cordially thank all of you for the non-stop excellent cooperation along the way and especially, to have keeping the faith in us. We trust the win-win spirit of the APICTA family will linger on and continue in many APICTA Awards to come, just as said by Mr. Stan Singh, Chairman of APICTA at the Ceremony "Coming to APICTA is not just about winning an award, it is about learning, setting up a destination, understanding, networking, finding new fellows/partners and that when you go back, we go back with good memories. Do not lose hard if you don't win, never give up and come back stronger next year at APICTA 2020 in Malaysia"./.

Vietnam ranks seventh in APICTA Awards 2019

Vietnam has ranked seventh at the Asia Pacific ICT Alliance Awards 2019 (APICTA Awards 2019), the first ever of its kind held in Vietnam.

At the award ceremony

The Vietnamese delegation was awarded a cup in the category of community services and eight certificates of merit during a ceremony in Ha Long city in the northern province of Quang Ninh on November 22.

Information Officer at the "Hong Kong Reception at Asia Pacific ICT Alliance (APICTA) Awards Vietnam 2019" (with photos)

Mr Singh (Mr Stan Singh, Chairperson of APICTA 2019), Tina (Ms Tina Phan, Director, Indochina, Hong Kong Trade Development Council), Ted (Ir Ted Suen, President of Hong Kong Computer Society and Head of Hong Kong Delegation to APICTA 2019), Distinguished Judges, Honoured Guests, Ladies and Gentlemen,

Good evening. My warmest welcome to you all for joining the Hong Kong Reception here in Ha Long tonight.

First and foremost, I would like to express my sincere gratitude to the Hong Kong Trade Development Council and the Hong Kong Computer Society for organising this event. My heartfelt thanks also goes to the Vietnamese Gavernment and the Organising Committee for your warm hospitality and great efforts in hosting the regional ICT contest at this beautiful UNESCO World Heritage Site.

As with many other economies of the world, the Hong Kong Special Administrative Region (HKSAR) is highly committed to driving the development of innovation and technology (I&T). Over the past two years or so, the HKSAR
